

Riviera Ultima

By Westomatic

The large capacity Riviera Ultima perfectly combines the high street coffee shop experience with the convenience of a modern 24-hour vending service.

Freshly ground coffee's, leaf tea, cappuccino, espresso and a range of chocolate drinks are just some of the wide choice of cafe-style beverages available from the stylish Temprano Interlude. What's more, innovative brewing and mixing systems help ensure the wide range of drinks on offer are matched in terms of drink quality and presentation.

Order drinks to suit individual taste with strength, extra sugar, extra whitener and whipped options. The coin-entry selection area is less than 1.3 meters high, meeting the latest European guidelines for disabled use.
